

EIGHT INDICTED BY GRAND JURORS

Three Against Whom True Bills Were Returned Are in Custody.

IMPERSONATING OFFICER

A. L. WILLIAMS ACCUSED OF EXTRACTING TRIBUTE FROM WOMEN

Eight indictments were returned last night by the United States grand jury which has been in session here. Eleven bills were considered by the jury altogether, three of these being ignored.

Members of the grand jury, which had been sitting for the last two weeks in the United States court, will enjoy their Thanksgiving day dinner at home today, unless they happen to live at such a distance that they cannot reach home after adjournment. The members of the jury assembled before Judge Page Morris in the court, at 8 o'clock last night and reported that they had finished the work before them.

There were seventeen members of the original jury present when court opened last night, the law requiring that sixteen must be present to constitute a quorum. There were sixteen on hand at the close of last week's session, but one, K. S. Perry of Mantle, was absent Monday on account of the death of his wife, the preceding day. The jury was unable to continue its work, by reason of the lack of a quorum and an adjournment was taken until Mr. Perry could return to this city. He arrived in the city late yesterday and when the regular work of the day was finished in court, about 5 o'clock, announcement was made that the court would reconvene at 8 o'clock, to receive the report of the grand jury.

The court was in session only a few minutes. When the session opened Judge Morris asked if the jury was ready to report and E. F. Hedman, foreman, handed the report to the clerk. It announced the number of true bills found and the number of ignored bills. Judge Morris examined these and then, having ascertained from Colonel H. E. Booth, United States district attorney, that the indictments were in proper form, he thanked the members of the jury for their service and told them they could draw their pay and go to their homes. An adjournment of the court was taken until Friday morning at 10 o'clock.

Three of the persons against whom true bills were returned by the grand jury, have been taken into custody. These being Ben Salior, charged with taking money from registered letters, in a railway mail car; A. L. Williams, accused of getting money from women in an impersonation of a police officer; and George Peterson, alias George Peters, charged with forging and attempting to cash a money order belonging to Max F. Presley at the West Jordan postoffice recently.

Ben Salior was a clerk in the railway mail service, running between Malad, Idaho and Ogden, and he charged with having taken money from three registered letters, getting about \$16 on April 23 last.

A. L. Williams is charged with obtaining, on October 23 and 24, \$20 from Mrs. L. C. Peters, \$20 from Mrs. L. C. Richards, \$20 from Mrs. W. E. Dunn, and \$20 from Miss Carrie Ward, alleging that he was a revenue collector and that the money was due for licenses to sell liquor at boarding houses in this city.

George Peterson, the third man charged with attempting to pass the forged money order for \$50 on November 13, at West Jordan.

Salior's bail was fixed at \$1,000; Peterson's at \$500; and that of Williams at \$1,000.

TRAFFIC BUREAU PLANS FOR MEMBERSHIP BANQUET

Directors of the Salt Lake Commercial club traffic bureau will hold their next meeting at the Commercial club Friday afternoon. This will be the first meeting since the annual election of officers of the bureau and several important matters will come up for discussion.

One of these will be regarding the banquet for the members of the bureau, which will probably be held early next month.

The membership of the bureau is increasing rapidly, several local firms having joined during the last week. It is the intention to hold monthly meetings of the members of the bureau in the future; the meetings of the directors to be held on call of the president.

SURGING RED BLOOD

REVIVED IN MEN AND WOMEN TOO

Health and strength hitherto unknown will be felt surging in rich red blood through the arteries and veins and life's greatest ambitions may be realized as never before. The following special treatment is followed by those men and women, too, who are stricken with that most dreaded of all afflictions, nervous exhaustion, accompanied with such symptoms as extreme nervousness, insomnia, cold extremities, melancholia, headaches, constipation and dyspepsia, kidney trouble, dreadful dreams of dreadful diseases, timidity in venturing and a general inability to act naturally at all times as other people do. Lack of poise and equilibrium in men is a constant source of embarrassment, even when it is not accompanied by the restoration to full, bounding health and all the happiness accompanying it. The following home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

The treatment is simple, thorough and correct. Leading druggists supply the main ingredients, extracts and essences in one ounce, ready to mix. Get three ounces, syrup sarsaparilla compound, mix with one ounce compound fluid balsam and stand two hours. Add one ounce compound essence cardiol, and one ounce tincture codon compound (not cardamon). Shake well and take a teaspoonful after each meal and one at bedtime.

The ingredients are used for various prescriptions.

34,567 CHILDREN IN UTAH SCHOOLS

Report Shows the Increase in Salt Lake Is More Rapid Than Elsewhere.

There are 34,567 children of school age in the five cities of the first and second class in Utah, as shown in a report just compiled in the office of A. C. Nelson, state superintendent of public instruction. Salt Lake contributes 21,017 of this number.

Ogden and Murray show decreases in the number of school children. This can be accounted for at Murray through the removal of many families when the smelters closed down, but the decrease at Ogden was rather surprising. There are now 233 children less than in 1908 in Ogden, as shown by the report, while Murray shows a decrease of only 47. Salt Lake shows a gain of 996 and Provo of 268.

An interesting fact is that there are 80 colored children in Utah of school age, 41 boys and 39 girls. Of these, 66 are in Salt Lake. The five cities of first and second class are: Salt Lake, Ogden, Logan, Provo, Murray. The report shows there are 34,567 children of school age in the five cities, divided as follows: White boys, 17,683; girls, 17,448; colored boys, 47; girls, 33; total increase over a year ago, 925.

The report shows the population by cities as follows: Salt Lake, white boys, 10,257; girls, 10,689; colored boys, 30 girls, 28; total of 21,017; increase of 966.

Ogden—White boys, 3,359; girls, 3,404; colored boys, 7; girls, 4; total of 6,774; decrease, 253.

Logan—White boys, 1,267; girls, 1,283; colored boys, 2; girls, 1; total of 2,553; increase of 53.

Provo—White boys, 1,513; girls, 1,456; total, 2,969; increase of 268.

Murray—White boys, 634; girls, 615; total, 1,249; decrease of 47.

One of the laboratories and class rooms at the university were closed Wednesday afternoon for the remainder of the week. During the Thanksgiving day recess no students will be allowed to do any work in the laboratories. The medical department will complete their work for the semester before the close of school for the Christmas recess.

The associated students will give a dance in honor of the A. C. students to-night in the museum hall. All of the members of the football squad will be guests of the Utah students.

The university campus was the scene of much merriment Wednesday caused by the initiation of a number of the boys of the junior class into the junior class fraternity. During the day the men were called up to do stunts of the most ridiculous nature. The most laughable part of the variegated stunts consisted of a red-headed member being compelled to wear a white suit, a straw hat, minus the crown, a large red and green necktie and carry a small basket of eggs. At each class he was compelled to take the basket of eggs to the professor in charge and ask permission to leave it with him during the class hour. Another member, whenever called upon to recite by a professor, was compelled to recite three lines of Shakespeare before he could answer the question.

Word has been received at the university that Frank E. Holman, holder of the Rhodes scholarship from Utah, has been selected to deliver the Thanksgiving day address at the annual banquet given by the American students at Oxford. It was announced that Holman would receive the degree of master of arts in law at the commencement next June. This is somewhat unusual as he has only been at Oxford for two years and the regular law course for the securing of the degree of master of arts in law is three years. The remaining year Holman will spend in traveling in Europe.

RAW SCAL WOUNDS LAID BARE IN POLICE COURT

Gamut of Human Emotions Run by Woes and Joys of Prisoners.

Almost every chord of human emotions were sounded in Judge J. M. Bowman's police court yesterday afternoon. The man who was a long way from home; the man who had "lost out"; the boy who had "gone wrong"; and the man with a plain jag were all represented.

Andrew Padden was a long way from home and he had been drunk. Padden claimed Iceland as the land of his nativity, and proved it by a lingual mixture of Norwegian and Scandinavian.

"You're a long way from home," said the city prosecutor. Padden was dismissed on proving that he alone had been the sufferer for his visit to Salt Lake.

Out of reform school at 15 and into police court on a charge of drunkenness at 21 was the record announced by Victor Halberg.

"I guess I've lost out," said the boy. "No; you haven't," said Judge Bowman. "You have a fair chance to prove yourself. You may go."

Charles Lang, a boy of 15, admitted that he had been disorderly and was fined \$5. He said he had gotten with a "bad bunch" and had "gone wrong."

Jane Doe Elliott, charged with shoplifting, was discharged. Lack of prosecution was the reason given. Mrs. Elliott was arrested at the Charlton ten-cent store Monday afternoon.

ASK FOR WATER RIGHTS.

An application for the right to appropriate ten second feet of water from Trout creek in Juab county for the production of milk was filed with the state engineer yesterday by Fred B. Jones and B. H. Young. Frank J. Harrison of Kanosh, Utah, also filed an application for the use of three cubic feet of water from an unnamed stream in Millard county. The water will be used in the irrigation of 20 acres of land. Julia Tripp of Callao, Juab county, also asked the appropriation of water from Rock springs for stock watering purposes.

JURY SAYS DEATH OF NELSON WAS ACCIDENT.

"We the jury find that the deceased came to his death on the night of November 20, 1909, having been accidentally run over by a street car in charge of Motorman J. H. Wilkinson and Conductor Charles Hartman. Your verdict is that the verdict returned by the coroner's jury which concluded its investigation of the death of Leon Nelson yesterday morning.

The jury was composed of A. O. Miller, L. P. Hanson and J. J. Clayton. A burial certificate was issued by Dr. M. R. Stewart following the coroner's verdict. The funeral took place at Sandy yesterday afternoon in the home of the parents, Mr. and Mrs. James C. Nelson.

RIO GRANDE SAYS TOWNS STREETS

Railroad Company Contends That Franchises Estop Condemnation Suits.

CITY MORTGAGE RECORD

DENIES RIGHT OF CITY TO OPEN THIRD AND FOURTH SOUTH.

Contending that nearly all of Sixth West and that the crossings of Third South, Fifth South and Sixth South streets all belong to the company through franchises granted by Salt Lake, the Denver & Rio Grande railroad company yesterday filed a long answer to the suit of Carl A. Ek and about fifty others to compel the railroad company to open Third South and Fourth South streets, now shut off by fences and company buildings.

The Rio Grande company claims that it owns between the center of Sixth West street to the west line of Fifth West street at Second South; also at Fourth South, Sixth South and Seventh South streets. It admits that "fences and buildings have been erected which stop traffic from east to west on these streets at the tracks, but claims this right is given the company in a number of franchises from Salt Lake dating as far back as 1867, and running up to 1906. All of the later ordinances are mentioned, including those of January 25, 1901, and January 3, 1906, by which the railroad company was given the right to block the streets.

The company also tells of the latest mortgage of the company filed with the county recorder here on August 1, 1908, for \$150,000,000, of which \$27,511,000 has been disposed of in good faith. The mortgage includes the franchises and grants of Salt Lake, it is held, and the fact that the company has spent a great deal of money in making improvements on the property given it by the city estops the property owners from condemning the buildings.

HIGH SCHOOL NOTES.

The Salt Lake High school was the scene of three rousing assemblies held yesterday afternoon at the sixth period in honor of the High school-Ogden game in Ogden this afternoon. Freshmen gathered in the gymnasium, the sophomores in the science building, the juniors and seniors occupied the large assembly room in the main building. Speeches were made by Professor George E. Eaton, R. S. McNiece, L. M. Gilliam, Professor Clark, Coach "Dad" Conville, Manager John McCurdy of the football team, R. S. McNiece, Thomas Fitzpatrick, Gilbert Williams, Rex Shores, Roderic Korns, Louis Kartick, Alonzo Roney and every member of the football team.

Manager McCurdy has had charge of the tickets to Ogden for the past four days, which have been selling rapidly. The team will leave this morning on the Bamberger line at 9 a. m., and will be followed probably by the greatest number of rooters the school has ever accompanied their team out of the city. Coach Conville is worried considerably about the game, as Yates, Gallacher, Kirby and Norville are not in the best of condition. The High school team are hoping that the game will take place upon a dry field, as the Ogden team greatly feared in muddy weather, owing to its superior weight. The High school team will be banqueted after the game, and in the evening will attend "Lo" as guests of Manager Burlock.

UNIVERSITY NOTES.

Teachers of the kindergarten department of the university gave an entertainment for the children in the kindergarten rooms Wednesday afternoon. About eighty children of the department were present, and also a number of the mothers. During the fore part of the morning games were played and at noon lunch was served to the children and their parents.

All of the laboratories and class rooms at the university were closed Wednesday afternoon for the remainder of the week. During the Thanksgiving day recess no students will be allowed to do any work in the laboratories. The medical department will complete their work for the semester before the close of school for the Christmas recess.
